## I Love My Computer by Bad Religion

love my computer	when I turn on you
ou make me feel alright	I love my computer
Every waking hour	You never ask for more
And every lonely night	You can be a princess
love my computer	Or you can be my whore
For all you give to me:	And it's (4) (5) (6) so
Predictable errors and no identity	easy
And it's never been quite so easy	I've never been quite so happy
ve never been quite so happy	The world outside is so big
All I need to do is (1) on you	But it's safe in my domain
And we'll be joined	Because to you
n the most soul-less way	I'm just a number
And we'll never (2) (3) other's day	And a clever (7) name
cuz when I'm through I just click	All I need to do is click on you
And you just go away	And we'll be (8) for eternity
love my computer	And no one is ever gonna take my love
ou're always in the mood	From me (9) I've got security
aet so turned on	Her password and a key
