When your legs don't work like they used to before			It's evergreen	
And I can't sweep you off of your feet			And baby your smile is forever	
Will your mouth still remember the taste of my love?			In my mind and memory	
Will your eyes still smile from your cheeks?			I'm thinking about how	
Darling I will be loving you till we're seventy			People fall in love in (7)	ways
And baby my heart could	d (1)	feel as hard at	And maybe it's all part of a plan	
twenty three			I'll just keep on making the same mistakes	
And I'm thinking about how			Hoping that you'll understand	
People fall in (2) in mysterious ways			That baby now	
Maybe just the touch of a hand			Take me into your (8) arms	
Well me I fall in love with you every single day			Kiss me under the light of a thousand stars	
And I just want to tell you I am			Place your (9) on my (10)	heart

Take me into your loving arms			Baby we found love	
Kiss me under the light of a thousand stars			Right where we are	
Place your head on my beating heart			So baby now	
I'm thinking out loud			Take me into your loving arms	
Maybe we found love			Kiss me under the light of a thousand stars	
Right where we are			Oh darling, place your head on my beating heart
