

Fill in the gaps

On the street where you live girls talk about their social lives	Repeat chorus
They're (1) of lipstick, (2) and	No one (9) a single word you said
paint, a touch of (3) in their eyes	They should have seen it in your eyes
All your life all you've asked when's your Daddy gonna talk to	What was going around your head
you	Ooh, she's a little runaway
You were living in another world tryin' to get your message	Daddy's girl learned fast
through	All those things he couldn't say
No one heard a single word you said	Ooh, she's a little runaway
They should have seen it in (4) eyes	Daddy's girl learned fast
What was going around your head	Now she works the night away
Chorus:	Ooh, she's a (10) runaway
Ooh, she's a little runaway	Daddy's girl learned fast
Daddy's girl learned fast	All those things he couldn't say
All those things he couldn't say	Ooh, she's a little runaway
Ooh, she's a little runaway	Daddy's girl learned fast
A different line every night guaranteed to blow your mind	Now she works the night away
I see you out on the streets, call me for a wild time	
So you sit home (5) 'cause there's nothing	
(6) that you can do	
There's only pictures hung in the shadows left there to look at	
you	
You know she likes the lights at nights on the (7)	
Broadway signs	
She don't really mind, it's only love she (8) to	
find
