

## Fill in the gaps

From walking (1) and talking loads	And I'll be me
To seeing shows in (2)	Everything that's broke
(3) with you	Leave it to the breeze
From nervous (4) and (5)	Why don't you be you
drunk	And I'll be me
To staying up and waking up with you	And I'll be me
But now we're sleeping at the edge	Trying to fit your hand inside of mine
Holding something we don't need	When we know it just don't belong
All this delusion in our heads	There's no force on earth
Is gonna bring us to our knees	Could (12) me feel right, no
So (6) on let it go	Whoa
Just let it be	Trying to push (13) up the
Why don't you be you	hill
And I'll be me	When it's just too heavy to hold
Everything that's broke	Think now's the (15) to let it slide
Leave it to the breeze	So come on let it go
Why don't you be you	Just let it be
And I'll be me	Why don't you be you
And I'll be me	And I'll be me
From throwing clothes across the floor	Everything that's broke
To teeth and (7) and slamming (8)	Leave it to the breeze
at you	Let the ashes fall
If this is all we're living for	Forget (16) me
Why are we doing it, doing it, anymore	Come on let it go
I (9) to recognize myself	Just let it be
It's funny how reflections change	Why don't you be you
When we're becoming something else	And I'll be me
I (10) it's (11) to walk away	And I'll be me
So come on let it go	
Just let it be	
Why don't you be you
