

Fill in the gaps

From (1) home and talking loads	And I'll be me
To (2) shows in evening (3)	Everything that's broke
with you	Leave it to the breeze
From nervous (4) and (5)	Why don't you be you
drunk	And I'll be me
To staying up and waking up (6) you	And I'll be me
But now we're (7) at the edge	Trying to fit (20) hand (21) of mine
Holding something we don't need	When we know it just don't belong
All (8) (9) in our heads	There's no force on earth
Is gonna bring us to our knees	Could make me feel right, no
So (10) on let it go	Whoa
Just let it be	Trying to (22) (23) problem up the hill
Why don't you be you	When it's just too heavy to hold
And I'll be me	Think now's the time to let it slide
Everything that's broke	So come on let it go
Leave it to the breeze	Just let it be
Why don't you be you	Why don't you be you
And I'll be me	And I'll be me
And I'll be me	Everything that's broke
From throwing clothes across the floor	Leave it to the breeze
To teeth and (11) and (12)	Let the ashes fall
doors at you	Forget about me
If this is all we're living for	Come on let it go
Why are we (13) it, doing it, doing it anymore	Just let it be
I (14) to recognize myself	Why don't you be you
It's (15) how (16)	And I'll be me
change	And I'll be me
When we're (17)	
(18) else	
I think it's time to (19) away	
So come on let it go	
Just let it be	
Why don't you be you
