

Fill in the gaps

From walking home and (1)	loads	And I'll be me
To seeing shows in evening clothes with you		Everything that's broke
From nervous touch and getting drunk		Leave it to the breeze
To staying up and waking up with you		Why don't you be you
But now we're sleeping at the edge		And I'll be me
Holding something we don't need		And I'll be me
All this delusion in our heads		Trying to fit your hand inside of mine
Is gonna bring us to our knees		When we know it (7) don't belong
So come on let it go		There's no force on earth
Just let it be		Could (8) me feel right, no
Why don't you be you		Whoa
And I'll be me		Trying to push this problem up the hill
Everything that's broke		When it's just too (9) to hold
Leave it to the breeze		Think now's the time to let it slide
Why don't you be you		So come on let it go
And I'll be me		Just let it be
And I'll be me		Why don't you be you
From throwing (2) across the	ne floor	And I'll be me
To teeth and claws and slamming doors at you	ı	Everything that's broke
If this is all we're living for		Leave it to the breeze
Why are we doing it, doing it, doing it anymore	;	Let the (10) fall
I used to (3) myself		Forget about me
It's (4) how (5)		Come on let it go
change		Just let it be
When we're becoming something else		Why don't you be you
I think it's time to walk away		And I'll be me
So (6) on let it go		And I'll be me
Just let it be		
Why don't you be you
