

Fill in the gaps

From the (1) of my eye	A kiss is but a kiss
To the (2) of my mind	You'd be a fool to want more (11) me
I recognize (3) you (4) to me	And I'm gone in a while
And all the corners of our pictures	I'll be gone in a while
Are a long time afraid	I'll be gone in a while
They still symbolize (5) you mean to me	It's all (12) I do
You ask me to remember	From the corner of my eye
A kiss is but a kiss	Through the back of my mind
Well I'd be a (6) to want (7) from you	I recognize (13) you (14) to me
And I'm gone in a while	And the (15) promises (16) in
I'll be (8) in a while	one kiss
I'll be gone in a while	We had and we seek and we squander
It's all that I do	That there's more
I'll cry and you cry and we'll cry	Something (17) than me
Till the rain turns black	And I'm (18) in a while
And the devil moves and clings to us	I'll be (19) in a while
And for a moment there is beauty	I'll be gone in a while
It's not a (9) yearning	It's all (20) I do
Sometimes it (10) like it's all I've gotten	It's all that I do
It's all a dream	It's all (21) I do
And I ask you to remember
