

Fill in the gaps

They say we're young and we don't know	Then put (6) little (7) in mine	
We won't find out until we grow	There ain't no (8) or (9)	_ we
Well I don't know if all that's true	can't climb	
'Cause you got me, and baby I got you	Babe	
Babe	I got you babe	
I got you babe	I got you babe	
I got you babe	I got you to (10) my hand	
They say our love won't pay the rent	I got you to understand	
Before it's earned, our money's all been spent	I got you to walk with me	
I guess that's so, we don't have a pot	I got you to talk (11) me	
But at (1) I'm sure of all the (2)	I got you to kiss goodnight	
we got	I got you to hold me tight	
Babe	I got you, I won't let go	
I got you babe	I got you to (12) me so	
I got you babe	I got you babe	
I got (3) in the spring	I got you babe	
I got you to wear my ring	I got you babe	
And (4) I'm sad, you're a clown	I got you babe	
And if I get scared, you're always around	I got you babe	
Don't let (5) say your hair's too long		
'Cause I don't care, with you I can't go wrong
