## Fill in the gaps

## After The Love Has Gone by Earth, Wind & Fire

For awhile, to (1) was all we could do	Till sadness was all we shared
We were young and we knew	We were scared
In our eyes (2) alive	This affair would lead our love into
Deep inside we knew our love was true	Something happened along the way
For awhile, we paid no mind to the past	Yesterday was all we had
We knew love would last	Something happened along the way
Every night, something right	What used to be happy is sad
Would invite us to begin the day	Something happened along the way
Something happened along the way	Yesterday was all we had
What used to be happy was sad	And, oh, after the love has gone
Something (3) along the way	How could you lead me on
And yesterday was all we had	And not let me stay around?
And, oh, after the love has gone	Oh, oh, oh, (7) the love has gone
How could you lead me on	What used to be right is wrong
And not let me stay around ?	Can love that's (8) be found?
Oh, oh, oh, (4) the love has gone	Oh, oh, oh, oh, oh
What used to be right is wrong	After the love has gone
Can love that's lost be found?	What used to be right is wrong
For awhile, to love each other with all	Can love that's lost be found?
We (5) ever need	Oh, oh, oh, oh, oh
Love was strong for so long	After the love has gone
Never knew that (6) was	What (9) to be right is wrong
Wrong, oh, baby, wasn't right	Can love that's lost be found?
We tried to find what we had
