Fill in the gaps

All The Things She Said by Simple Minds

Don't you look (1) on a big (2) world	You've fought the fight so long, no surrender to temptation
Crying out tomorrow	Of all the things she said, she said
Don't you look down like the heroes say	Stars will fall out for you
Come tell me all about it	Luck will surrender
Take me to the streets where the bonfires burn	I'm calling out to you
Take me in your arms and I'll fade away	Oh to be near you in the first morning light
When I hear you say what you got to say	I'd be (6) you, I dream about you
Anywhere you go, you know I'll still be waiting	If I (7) leave here, I would leave here tonight
All the things she said, she said	I'd be with you, I'd stay with you tonight
Little darling close your eyes, there'll be no compromising	Tonight
Of all the (3) she said, she said	Anywhere you go, you know I'll still be waiting
Throw me to the street where the heartbeats beating	Of all the things she said, she said
'Beating all around me'	When I look (8) your eyes, I see a new day rising
To the peaceful revolution	Oh all the things she said, she said
And the perfect wave, surround me	Through the (9) of love, and to never know what
Tell me 'bout the ocean moving in (4) motion	hate is
I see it glitter in the sun	Of all the things she said, she said
Then it's freezing in the moonlight	She said, this is our time, she said, this is our place
Never (5) back, never look back, never look away	This is the space my heart wants to be
If freedom comes and goes, you know I'll still be waiting	Little darling close your eyes, there'll be no compromising
All the things she said, she said	All the (10) she said, she said

- 2. lost
- 3. things
- 4. slow
