

## Fill in the gaps

You would not believe your eyes	(Please take me away from here)
If ten million fireflies	Why do I tire of counting sheep?
Lit up the world as I fell asleep	(Please take me away from here)
'Cause they fill the open air,	When I'm far too tired to fall asleep
And leave teardrops everywhere	To ten million fireflies
You'd think me rude, but I would just stand and stare	I'm weird 'cause I hate good-byes
I'd like to (1) myself believe	I got misty eyes as they said farewell (they said farewell)
That planet Earth turns slowly	But I'll know where several are
It's hard to say that I'd rather stay awake when I'm asleep	If my dreams get real bizarre
'Cause everything is never as it seems	'Cause I saved a few and I keep them in a jar(jar, jar, jar)
'Cause I get a thousand hugs	I'd like to make myself believe
From ten thousand lightning bugs	That planet (4) turns slowly
As they try to teach me how to dance	It's hard to say that I'd rather stay awake when I'm asleep
A foxtrot above my head,	'Cause everything is never as it seems (when I fall asleep)
A sock hop beneath my bed,	I'd like to make myself believe
A disco ball is just hanging by a thread (thread, thread)	That planet Earth (5) slowly
I'd like to make myself believe	It's hard to say that I'd rather stay awake when I'm asleep
That planet Earth (2) slowly	'Cause everything is (6) as it seems (when I fall
It's hard to say (3) I'd rather stay awake when I'm	asleep)
asleep	I'd like to make myself believe
'Cause everything is never as it seems (when I fall asleep)	That planet Earth turns slowly
Leave my door open just a crack	It's (7) to say that I'd rather stay awake
(Please take me away from here)	(8) I'm asleep
'Cause I feel like such an insomniac	Because my dreams are bursting at the seams
