You change your mind	You, you don't (7) (8) stay, no
Like a girl changes clothes	You, but you don't really wanna go, oh
Yeah, you PMS like a bitch	You're hot then you're cold
I (1) know	You're yes then you're no
And you (2) think	You're in and you're out
Always speak cryptically	You're up and you're down
I should know	Someone call the doctor
That you're no good for me	Got a case of a love bipolar
Cause you're hot then you're cold	Stuck on a rollercoaster
You're yes then you're no	Can't get off this ride
You're in and you're out	You change your mind
You're up and you're down	Like a girl changes clothes
You're (3) when it's right	'Cause you're hot then you're cold
It's black and it's white	You're yes then you're no
We fight, we break up	You're in and you're out
We kiss, we (4) up	You're up and you're down
You, you don't really wanna stay, no	You're wrong when it's right
You, but you don't really wanna go, oh	It's black and it's white
'Cause you're hot then you're cold	We fight, we break up
You're yes then you're no	We kiss, we make up
You're in and you're out	'Cause you're hot then you're cold
You're up and you're down	You're yes then you're no
We used to be just (5) twins, so in sync	You're in and you're out
The same energy now's a dead battery	You're up and you're down
Used to laugh 'bout nothing	You're wrong when it's right
Now you're plain boring	It's black and it's white
I should know	We fight, we break up
That you're not gonna change	We kiss, we make up
'Cause you're hot then you're cold	You, you don't really wanna stay, no
You're yes then you're no	You, but you don't (9) wanna go, oh
You're in and you're out	You're hot then you're cold
You're up and you're down	You're yes then you're no
You're wrong when it's right	You're in and you're out
It's black and it's white	You're up and you're down, down, down, down
We fight, we break up	
We kiss, we (6) up
