And stars collide.	All (13) lights (14) (15)
Shadows run, in (1) flight,	away.
To run, seek and hide.	I feel a (16) (17) inside,

Well, In the half-light, on this mad night,	Thoughts run wild, (18) as a child,
I (4) a (5) in time.	Into the night.
Well, I look back, see a half-smile,	Across the screen a thin beam,
Then it's (6) from sight.	Of magic light.
Tell me, why (7) have changed,	Tell me why things don't (19) the same,
In this shadow play, this shadow play,	In (20) shadow play, (21) shadow play,
I (8) to find my way,	I have to (22) my way,
In this (9) play.	In this (23) play.
Sounds come crashing,	I have to get away,
And I (10) laughing,	In this shadow play,
All (11) just blaze away.	Well help me (24) my way,
I feel a little strange inside,	In this shadow play,
A little bit of Jekyll, a little Mr. Hyde.	Yeah
Sounds come crashing,
