

## Fill in the gaps

### The Big Bang Theory by Barenaked Ladies

Our whole universe was in a hot dense state,  
Then nearly fourteen billion years ago expansion started.  
Wait...  
The Earth began to cool,  
The autotrophs began to drool,  
Neanderthals developed tools,  
We built a (1)\_\_\_\_\_ (we (2)\_\_\_\_\_ the pyramids),  
Math, science, history, unraveling the mysteries,  
That all started with the big bang!  
"Since the dawn of man" is really not that long,  
As every galaxy was (3)\_\_\_\_\_ in (4)\_\_\_\_\_ time  
than it takes to sing this song.  
A fraction of a second and the elements were made.  
The bipeds stood up straight,  
The dinosaurs all met their fate,  
They tried to leap but they were late  
And they all died (they froze their asses off)  
The oceans and pangea

See ya wouldn't wanna be ya  
Set in motion by the same big bang!  
It all started with the big BANG!  
It's (5)\_\_\_\_\_ ever outward but one day  
It will pause then start to go the other way,  
Collapsing ever inward, we won't be here, it won't be hurt  
Our best and brightest figure that it'll (6)\_\_\_\_\_ an even  
bigger bang!  
Australopithecus would (7)\_\_\_\_\_ have been sick of  
us  
Debating why (8)\_\_\_\_\_ here they're catching deer (we're  
(9)\_\_\_\_\_ viruses)  
Religion or astronomy, Encarta, Deuteronomy  
It all started with the big bang!  
Music and mythology, (10)\_\_\_\_\_ and astrology  
It all started with the big bang!  
It all started with the big BANG!

## Fill in the gaps

Answer

1. wall
2. built
3. formed
4. less
5. expanding
6. make
7. really
8. were
9. catching
10. Einstein
