Down a dead end streetTrying to know somebody you never metFaster than the wind, passionate as sinBut loving him was redEnding so suddenly(Oh) redLoving him is like trying to change your mindBurning redOnce you're already flying through the free fallRemembering him comes in flashbacks and echoesLike the colors in (1) so brightTell (6) it's time now gotta let goJust before they lose it allBut moving on from him is impossible

Like the colors in (1) so bright Tell (6) it's time now gotta let go
Just before they lose it all But moving on from him is impossible
Losing him was blue, like I'd never known When I still see it all in my head
Missing him was dark gray, all alone In burning red
Forgetting him was like Burning, it was red
Trying to know somebody you've never met (Oh) (7) him was blue, like I'd never known
But (2) him was red Missing him was dark gray, all alone
Loving him was red Forgetting him was like
Touching him was like (3) all you ever Trying to know somebody you've never met
wanted 'Cause loving him was red
Was right (4) in front of you Yeah yeah red
Memorizing him was as easy as knowing all the words Burning red
To your old favorite song And that's why (8) (9)
Fighting with him was like trying to solve a crossword (10) in my head
And realizing there's no right answer Comes back to me in burning red
Regretting him was like Yeah
Wishing you never found out His love was like driving a new Maserati
That (5) could be that strong Down a dead end street
Losing him was blue, like I'd never known
Missing him was dark gray, all alone
