

## Fill in the gaps

### Set Fire To The Rain (Live) by Adele

I let it fall, my heart  
And as it fell, you rose to claim it  
It was dark and I was over  
Until you kissed my (1)\_\_\_\_\_ and you saved me  
My hands they were strong  
But my knees were far too weak  
To stand in your arms  
Without falling to your feet  
But there's a side, to you  
That I never knew, never knew  
All the things you'd say  
They were never true, never true  
And the games you'd play  
You would always win, always win  
But I set fire to the rain  
Watched it pour as I touched your face  
Well, it burned while I cried  
'Cause I heard it screaming out your name  
Your name...  
When I lay, (2)\_\_\_\_\_ you  
I could stay there, close my eyes  
Feel you here forever  
You and me together, nothing is better!  
Cause there's a side, to you  
That I never knew, never knew  
All the things you'd say  
They were never true, never true  
And the games you'd play  
You would always win, always win  
But I set fire to the rain

Watched it pour as I (3)\_\_\_\_\_ your face  
Well, it burned while I cried  
'Cause I heard it screaming out your name  
Your name...  
I set (4)\_\_\_\_\_ to the rain  
And I threw us (5)\_\_\_\_\_ the flames  
Well, it felt something died  
Cause I knew that that was the last time  
The last time...  
Sometimes I wake up by the door  
That heart you (6)\_\_\_\_\_ must be waiting for ya...  
Even now when we're already over  
I can't help myself from (7)\_\_\_\_\_ for ya  
I set fire to the rain  
Watched it (8)\_\_\_\_\_ as I touched your face  
Well, it burned (9)\_\_\_\_\_ I cried  
'Cause I heard it screaming out (10)\_\_\_\_\_ name  
Your name...  
I set fire to the rain  
And I threw us into the flames  
Well, it felt something died  
'Cause I knew that that was the last time  
The last time...  
Oh oh oh oh oh...  
Let it burn...  
Oh oh oh oh oh...  
Let it burn...  
Let it burn...

## Fill in the gaps

Answer

1. lips
2. with
3. touched
4. fire
5. into
6. caught
7. looking
8. pour
9. while
10. your
