Goodbye town by Lady Antebellum

Out of this goodbye town You'll be just a memory yeah We sat down on those (4)steps Oh, somewhere in the back of my mind Fourth of July those fireworks (5) our heads In the back of my mind And they'd ring the bells of that little church One day you're going to look back at what we had No, there ain't nowhere I can look that doesn't hurt You're going to think of me She's gone You're (8) to think of me But I still feel her on my skin (9) I'm long gone She's gone I'll be long gone But she ain't coming back again This ain't nothing	Right there's the high-school where we met	These streets are only bring me down
And that parking lot was our first date I can't erase the memories And her momma (1)	We'd sneak out back	Got to (6) a way to finally get out
And her momma (1) the doorAnd I can't burn the whole place downWhen I dropped her off too lateNo this ain't nothingShe's goneNothing but a goodbye townChasing (2) highway windTo hell if I'm sticking around!She's goneGot to find a way to finally get outShe ain't coming (3) againOut of this goodbye townThis ain't nothingOh yeah, out of this goodbye townThese streets are only bringing me downSo out of this townGot to find a way to finally get outYou'll be just a memory in the (7) of my mindOut of this goodbye townYou'll be just a memory yeahWe sat down on those (4) stepsOh, somewhere in the back of my mindFourth of July those fireworks (5) our headsIn the back of my mindAnd they'd ring the bells of that little churchOne day you're going to look back at what we hadNo, there ain't nowhere I can look that doesn't hurtYou're (8) to think of meShe's goneYou're (8) to think of meBut I still feel her on my skin(9)	For a couple kisses and a cigarette	Out of this goodbye town
