No sir, well, I don't wanna be the blame, not anymore								
It's your turn to take a seat								
We're settling the final score								
And why do we like to hurt so much?								
I can't decide								
You have made it harder just to go on								
And why?								
All the possibilities where I was wrong								
That's what you get when you let your (1) win								
That's what you get when you let your heart win								
I drowned out all my sense with the sound of its beating								
And that's what you get when you let your heart win								
I wonder, how am I supposed to feel								
When you're not here?								
Because I burned every bridge I (2) built								
When you were here								
I still try, holding onto silly things, I never learn								
Oh why? All the possibilities								

That's what you get when you let your (3)									win
