

Sweater weather by The Neighbourhood

I want the world in my hands (4) heart's a door I hate the beach Everyone the other be touched is for But I stand in California with my toes in the sand Inside this place is warm Use the sleeves on my sweater Outside it starts to pour Let's have an adventure Corning down Head in the clouds but my gravity's centered One love, two mouths Touch my neck and I'll touch yours One love, one house You in those little high waisted shorts No shirt, no blouse Oh, she knows what I think about Just us, you find out And what I think about (5)

Just us, you (1) out In the holes of my sweater
Nothing I really want to tell you about no Because it's too cold for you here
Because it's too cold for you here And now, so let me hold both your hands
And now, so let me hold both your hands In the holes of my sweater
In the holes of my sweater Because it's too cold for you here
Before I may just take your breath away And now, so let me hold both your hands
I don't mind (2) now I might to say In the holes of my sweater
Sometimes the silence guides your mind Because it's too cold for you here
So move to a place so far away And now, let me hold both your hands
The goosebumps start to race In the holes of my sweater
The minute that my left hand It's too cold, it's too cold
Meets your waist The (9) of my sweater
And then I (3) your face
