

## Even In The Quietest Moments by Supertramp

I wish I knew what I had to do And even though the sun is shining Well I (1) the (2) (3) it comes again, dear And even when you (4) me My heart was out of tune For there's a shadow of doubt that's not (5) me find you too soon The music that you gave me The language of my soul Oh Lord, I want to be with you. Won't you let me (6) in from the cold? Don't you let the sun fade away Don't you let the sun fade away Don't you let the sun fade away Don't you come to me soon And even though the stars are listening And the ocean's deep, I just go to sleep And then I create a silent movie You become the star, is that what you are, dear? Your whisper tells a secret Your laughter brings me joy And a wonder of feeling I'm Nature's own little boy	Even in the quietest moments

5 5 <i>7 7</i>	Your whisper tells a secret
And a wonder of feeling I'm Nature's own little boy	Your laughter brings me joy
	And a wonder of feeling I'm Nature's own little boy

But still the (7) keep falling
They're raining from the sky
Well there's a lot of me got to go under before I get high
Don't you let the sun disappear
Don't you let the sun disappear
Don't you let the sun be leaving
No, you can't be leaving my life
Say that you won't be (8) my life
Say that you won't be leaving my life
Say won't you please, stay won't you please
Say won't you please, stay won't you please
Lord, won't you come and get into my life
Lord, won't you (9) and get into my life
Say won't you please, stay won't you please
Say won't you please, stay won't you please
Lord, don't go
And even when the song is over
Where have I been was it just a dream?
And though your door is always open
Where do I begin may I (10) come in,
dear?
